**BRICKLET**

**BRICKLET is the world's first property exchange, providing a market for tradable fragments of real estate**

# Real Property. Owned in fragments. By individuals.

Australia's Bricklet Exchange is trading property fragments. Similar to stock exchanges dealing fragments of companies, called stocks. Australia's Bricklet Exchange trades fragments of real estate, called bricklets.

Fragmenting each property into affordable tradable assets, called bricklets. Each of these bricklets is registered to the investor, directly against the property's land title deed.

Owning a bricklet is owning the property, just an affordable and tradable part thereof.

# Bungalow Accommodation

23 x 1-bedroom Bungalows

The bungalows are fully furnished including solar and bio-system septic with a high level of local building materials.

Each Bungalow is fragmented into 10 Bricklets

Land lots are already developed & strata titles produced.  
Building confirmed for construction to start 2020

# Resort Facilities

Pacific Haven Resort will be supported by 24/7 reception and a 40-seater restaurant/bar.

Poolside Spa, Scuba-diving Academy, and a most amazing feature: the giant Sea Deck reaching over the coral for easy diver access to the reef.
